

## What is Ecti?

Created in 1974, Ecti is an independant, non-profit making, state approved association

### Its vocation is to:

- Contribute to economic, cultural, and social development in France and overseas, by providing assistance and advice to small and medium-size companies (SMEs), public and private organisations and associations.
- Engage in any initiative aiming at creating jobs or maintaining employment.
- Not to replace any employee.
- To comply with french and foreign employment regulations as well as local company policies.
- To comply with company policies, health and safety regulations, and confidentiality.

## Who are Ecti volunteers ?

### People with knowhow and experience:

The Ecti members are former managers and executives from private companies, governmental departements or public services. Specialists or generalists with a wide range of professional skills, they can meet most applicant's requirements.

- Long managerial, technical, and/or practical experience,
- Recognized specialists in their field of activity
- Open-minded, adaptable, and good communicators
- All management levels up to top.

## Assignment procedures

When an expert is required, the procedure is as follows

### Application:

the applicant details his request to Ecti head-quarters or to an Ecti representative by mail, e-mail, phone or fax.

### Selection of candidates:

Ecti makes a pre-selection of one or several experts and submits their curriculum vitae to the applicant for final selection.

### Contract:

once a candidate has been selected and conditions agreed upon, a formal memorandum of agreement specifying the assignment terms and conditions is signed by the applicant, the expert and Ecti.

### Expenses:

The applicant contributes to Ecti's operating costs by paying a reasonable management fee and covers all the costs incurred by the expert for the assignment ( visa/ travel/ accomodation/ food, etc.)
